

Amtrak has designated parking spots adjacent to its depot. Should those designated parking spots be full, Amtrak patrons may park in the stalls designated for Canadian Pacific Railway (the Canadian Pacific Railway and Amtrak share a parking lot). CPR asks Amtrak customers to park on the west end of the lot, if at all possible.

If the Amtrak depot lot is full, use the Market Square parking lot located next to Wilz Drug on the east end of the Downtown along Cook Street (Highway 33). Use the Portage Cab Company, 608-742-4700, to get to the Amtrak Station.

For those who are parking long-term, you may notify the Portage Police Department, 608-742-2174, of your stay and they will record your license plate in their dispatch notes.
